

Special Pricing on Fetal Dopplers SR2 and SR3

Until Sept. 30, 2021*

Special pricing on SR2 & SR3 fetal Dopplers

The SR2 and SR3 have a new high resolution screen which has two display modes: Big Numbers so it is easier to see and use, and the new Fetal Trace View for use during intermittent auscultation. Also new is Dynamic Digital Noise Reduction to reduce background noise, delivering our best Fetal Heart Rate (FHR) detection.
